

Hospice and Palliative Care Legal Service Group

Reinhart's Hospice and Palliative Care Legal Service Group has been a recognized leader and legal counsel for hospices throughout the United States for more than 15 years. Our deep knowledge and appreciation of hospices, their missions, government regulations and business needs has allowed us to serve as trusted advisors to many within the industry.

We developed our Toolkits to help hospices cost-effectively customize their approach to important areas of compliance and contracting. You also can count on any of the attorneys in Reinhart's Hospice and Palliative Care Legal Service Group to help you with a broad array of issues facing hospices today.

Available Toolkits:

- The Medicare Hospice Appeals Toolkit: From the ADR to the ALJ
- Hospice & Nursing Home/Assisted Living Contracting Toolkit
